Board of Commissioners
Lynnfield Center Water District
83 Phillips Road
Lynnfield, MA

RE: Election for vacant position on Board of Commissioners, Lynnfield center Water District

Chairwoman Leccese

I wish to stand for election for the vacant position on the Lynnfield Center Water District board of Commissioners.

I am currently a registered voter residing within the District and am otherwise qualified to hold the position. I am a professional geologist with 40 years' experience in water supply and related fields.

I understand that responsibilities of serving may include, in cooperation with the other Commissioners; oversight of the District staff and operations, setting rates and other collections, formulating the District's annual budget and approving expenditures related thereto, participating in regular public meetings run pursuant to state law and district by-laws, engaging in discourse with the public and other agencies in District matters, developing capital improvement plans, developing the scope of and monitoring the progress of technical studies, assuring that the public has access to appropriate District records, and other responsibilities related to the operation of a public water supply.

Sincerely

Robert B. Almy
