To Whom It May Concern:

This letter serves as my intent to seek election to the vacated seat on the Lynnfield Center Water District Board of Water Commissioners. I am confident my experience in the public and private sector, coupled with my long record of service on many Boards and to countless civic organizations, make me an ideal candidate to become a commissioner.

I have been following the challenges faced by LCWD and the positive changes that have been made by the Board and Superintendent in recent years. I believe the district is at a critical point in its history and am eager to be a part of the solutions to come.

I look forward to building on the progress that has been achieved and supporting the District as it continues to evolve on behalf of the town and community it serves.

Warm regards,

Steven M. Walsh
